2019 / 2020

# This is OUR Winter!

**Are you a snow angel champion?  
Hygge master? Winter newbie?**

**Want to see yourself immortalized?**

Share your [#MyYegWinter](#) stories and hidden talents with us on Twitter [@WinterCityYEG](#) and Instagram [wintercityyeg](#).

We'd love to have a blizzard of stories to share at the end of winter. We might even feature some in a blog – or have you read yours on a podcast! And we're working on getting some swanky WinterCity prizes, too.

**Tell us what [#MyYegWinter](#) means to you.**

**#MyYegWinter** includes skating and meeting up with neighbours at our community league rink. I love being able to walk there and back and enjoy being active through the seasons so close to home.

**Laura Cunningham-Shpeley**

Executive Director, Edmonton Federation of Community Leagues

---

**#MyYegWinter** is a place you need your sunglasses! In my mind, that is the true definition of a great place to live, regardless of the weather and outdoor temperatures. Winter in Edmonton also means hockey! Whether you are skating outdoors in the parks, in your backyard, in an arena cheering on your kids, or catching an Oilers game, Edmontonians love to play and watch hockey.

**Stuart Ballantyne**

Senior VP, Strategic Development, Oilers Entertainment Group

---

**#MyYegWinter** is full of sun, a positive attitude, and dressing appropriately. I like to be more active when it is snowing than when it is raining. There are so many activities that can be enjoyed in winter – skating, cross-country skiing, snowshoeing, hiking, just to name a few.

**John Brian Lucas, AKA 'Grampa Outdoors'**

Youthful 84-year-old and lover of all seasons outdoors

# Skating

**City-maintained outdoor ice surfaces** will open as soon as equipment can safely drive on the ice. Please obey all posted signs. Locations, conditions, hours, closures and amenities are available at [edmonton.ca/skating](https://edmonton.ca/skating).

**IceWays** are located at Victoria and Rundle Parks. The Victoria IceWay will not be accessible from the Victoria Oval during ice maintenance or when it is reserved for the Edmonton Speed Skating Association. Check [edmonton.ca/skating](https://edmonton.ca/skating) for more information.

**Shinny rinks** are located at Hawrelak and Rundle Parks.

**Skate rentals** are available at William Hawrelak Park.

**Stormwater ponds and lakes:** Did you know... ice conditions on stormwater lakes can be unpredictable and dangerous. Moving water, temperature changes underwater due to vegetation or drainage, and fluctuating weather conditions can all result in unsafe ice conditions not visible from the surface. Follow City signs and stay off all stormwater ponds and lakes (City Drainage Bylaw 18093).

**Community league rinks** are maintained by leagues in over 100 communities across the city. Many leagues offer skate rental programs as well. You can use any community rink, regardless of the community league membership that you have (skate tags may be required). Many leagues use volunteers, too – see how you can get involved!

To find a community rink near you, go to [efcl.org](https://efcl.org) and click on the **Find a Facility/League** tab. Under **Facility Amenities**, select **Rink**.

**Community league ice trails** are available in Kenilworth and Glastonbury Community Leagues. Both rinks are lit with festive LED lights for night skating. [Facebook @kenilworthcommunityleague](#)  
[Facebook @GCLEdmonton](#)

**#MyYegWinter** begins with a walk through fresh snow en route to a coffee that simply tastes better given the time of year, to those afternoons at Victoria Park skating or enjoying some cross-country skiing with friends. It really is what you make of it.

**YEG Coffee Outside** is the coolest coffee club in town. This lively group meets Friday, 7 - 9am, at Ezio Faraone Park (on the north side of the High Level Bridge). ## Winter Party Locations

**Winter social gathering, wedding, meeting or corporate getaway coming up?** Include some snowy outdoor activities! Book your next event at a facility that gives you the indoor space you need, but also provides opportunities for embracing the beauty of winter. See [edmonton.ca/facilityrentals](#) for booking information.

# Winter Patios

**Après ski meets urban chic!** Have you checked out Edmonton's growing winter patio scene? For a location near you, look at [Winter Patios](#) in the [Be Social](#) section of [wintercityedmonton.ca](#).

**Chez vous...** why not create your own winter patio at home? We get lots of beautiful sunny days in the winter. Find a sheltered spot, set out your deck chairs, grab your woolly blankets, and enjoy a hot drink while basking in the sunshine.

**Under the stars...** snuggle up by your backyard fire with a blanket and a hot chocolate or mulled wine. You might even get lucky and see some Northern Lights.

**Share your favourite** @WinterCityYEG #yegpatio with us on Twitter, especially if it's in your backyard!

## Winter Picnicking

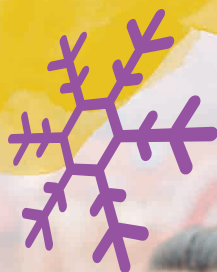

**Picnic sites and BBQ pits** can be used in winter, too! Bundle up and head out on a warm, sunny winter day. The City moves snow in some areas to improve access to picnic sites, but you might have to clear snow off the tables or from the BBQ/fire pits. Maybe you'll get lucky and find one already cleared by someone else! Visit [edmonton.ca/picnic](#) to find parks with BBQ pits.

**Extra things you might need** for a winter picnic include a shovel to clear the snow, fire-building materials (newspaper, matches and wood), blankets to cover the benches and your knees, winter whimsy, and hot chocolate!

Be Creative

## Creative Lighting

**Creative lighting champions** can be found around the city. From City Hall to the High Level Bridge to the 124 Street Business Improvement Area, creative lighting is warming our winter nights. Take a tour around Edmonton on a winter's night and see what sparks your imagination.

**Lights on your home** aren't just for the holidays! Take down Santa and the reindeer at the end of December, but leave your lights on until March. You'll help to make your community more vibrant and welcoming.

**Be dark skies friendly** and keep your light to yourself. Edmonton has a Light-Efficient Community Policy that strives to, among other things, minimize light pollution. When installing lights around your home, make sure you 'keep your light to yourself'. Angle your lights down, and pay particular attention to keeping them away from your neighbours' windows. Other than that, be creative!

**Laser light projectors** are the hottest new trend in house decorating. They look cool and are easy to put up. But watch where you point them! Keep them pointed away from your neighbours' windows and away from the skies – they can blind pilots flying overhead.

# Sneckdowns

**A what?!** Winter provides us with a unique opportunity to look at our city, get creative, and reimagine it. After a snowfall, curb extensions caused by snowfalls, otherwise known as sneckdowns, appear. Sneckdowns tell us how we actually use our street spaces. Have a look at the video under [Sneckdowns](#) in the [Be Creative](#) section of [wintercityedmonton.ca](http://wintercityedmonton.ca), then go out and explore your neighbourhood with a new winter lens.

# Winter Fashion

**Add some fun and spice** to your winter wardrobe this year with colourful accessories like scarves, hats and mitts. Look for warm, stylish – and dare we suggest colourful?! – winter boots. Mix and match materials, too. Add some style and flare with wool accents and furry trim. Show off your winter style!

# WinterCity Scarves

Warm your winter, elevate your winter fashion, and help others. \$10 from the purchase of each WinterCity scarf will be donated to the Boyle Street Winter Warming Bus. To find a local retailer near you, look under [Be Creative](#) at [wintercityedmonton.ca](http://wintercityedmonton.ca)

## Winterscapes

**A winterscape is** a way of decorating your wintry yards and landscapes using snow, ice, natural objects and lights. Winterscapes help beautify our Edmonton neighbourhoods. Get tips from some creative locals in our blog, [wintercityedmonton.ca/whats-in-a-winterscape](http://wintercityedmonton.ca/whats-in-a-winterscape)

**Front Yards in Bloom: Winterscapes** contest is held in January and February each year. Visit [edmonton.ca/winterscapes](http://edmonton.ca/winterscapes) for ideas, see past entries, and get details about this winter's contest.

**Year-round landscaping** often starts in the summer. Consider adding trees and shrubs, herbaceous plants, grasses, and vines. For more ideas, read our blog by a local landscape architect, [wintercityedmonton.ca/spring-gardening-for-winter-beauty](http://wintercityedmonton.ca/spring-gardening-for-winter-beauty)

**#MyYegWinter** has soft snow days that cover trees all around the city. It looks magical and just brings such a beautiful calmness to the city.
